THE FACTS

Made with SUS304 Stainless Steel Mesh for strong durability & waterproof performance
High-Tensile Security Mesh (1.8mm – 2.4mm upgrade) for added protection
Heavy-Duty Aluminium Frame (1.8mm – 2.0mm extrusion)
Multipoint Locking system for enhanced security
Blocks mosquitoes & insects while allowing fresh air flow
See-through design with ventilation + natural daylight
Helps Maintain Privacy without feeling closed in
Energy-Saving by improving natural airflow
Stylish Modern Design – no more “Jail grill” look

100% Improved
Air Flow

Bash & Shear
Resistant

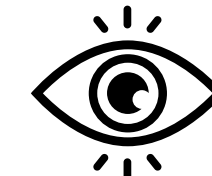

Safe and
Secure

Prevention from
insects

Better Visibility

TOUGH AND RELIABLE SECURITY MESH

High Tensile Stainless Steel Security Mesh

High tensile weaved stainless steel wire with heavy duty aluminium frames, which has minimal space to pry open in comparison to regular conventional grilles

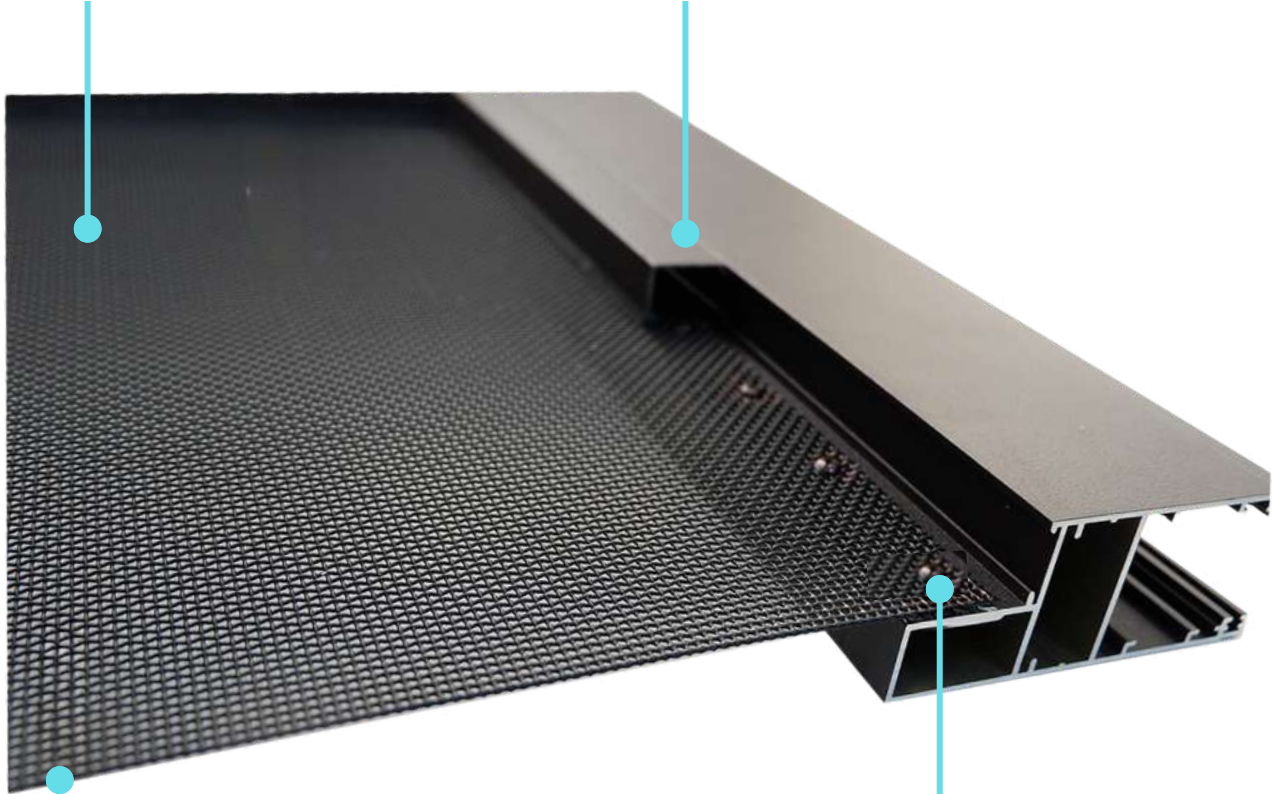

Corrosion Resistant

SUS304 Stainless Steel and Aluminium frame are water & Rust Proof. The specialized powder coating does not chip or crack

Custom Made & Frame Color

Quality Outdoor Powder Coated Finished on 1.6mm to 2.0mm thick Aluminium frame

Thief Proof?

No, a prepared thief will have a lot advanced tools to break in.
Our Mesh delay the time for intruders to break into your home, it is meant for petty thieves.

Tamper-Resistant Screws

The Mesh is screwed into two serrated pieces of aluminium. (inferior product merely glue or wedge the mesh into the frame)

Weak & Easy to Break

High Security, Durable & Break-In Resistant

SECURITY MESH DOOR INSTALLATION SHOWCASE

BEFORE / AFTER THE INSTALLATION

BEFORE

AFTER

Reliance Home Security Mesh Doors are rigorously tested to withstand up to 100 impact strikes — providing reliable protection for your main entry point against intruders, along with many additional benefits.
